WEEKLY REPUBLICAN—1897.
DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., FRIDAY, MARCH 12, 1909

ONE COPY—ONE CENT.

HAIL TO THE STORK.

The statesman does the speaking,
The Editor booms the town,
The lover does the popping,
The damsel turns him down—
The poet does the dreaming,
The farmer clears the woods,
The eagle does the screaming,
But the stork delivers the goods.

"Tis the season of Poetry and Clothes." The output of both is plentiful, (at the former we never tried our hand,) but the gems are few. "Heehinger" Clothes are among the gems. You who have been wearing "ready-to-serve" clothes have learned to discriminate. See our exhibit of Men's, Young Men's, Boys' and Children's Toggery and judge, and judge by the highest standard you know of, too. Judge the style of the different garments, the fabrics, the workmanship, and last, but not least, the prices. Then compare. OUR FURNISHINGS for this spring are exquisite. Nothing new that we do not show. The Manhattan, Earl & Wilson, Morrison, Eclipse and others. None but the best.

It is Miss RUTH BRYAN again. When she got enough of matrimony she just concluded to Leavitt.

SENATOR FORAKER will not call at the White House until the echoes of T. ROOSEVELT's footsteps have died away.

By this time the COOPERS probably understand that the ultimate expense is heavy satisfying "Southern honor (?)."

SPRING is so close that you can almost touch it and smell it. Another spring will help us some. It's glorious and it don't cost a cent.

COLONEL ROOSEVELT will give the African animals a square deal and not shoot them down in helpless droves like Emperor BILL does when he goes out on his preserves for sport.

Will that "memorial bridge" over the historic Kentucky river at Frankfort be only a memory? We hope Senator GRASSY and Representative SHANKLIN will both vote for it. But, alas, just figure out how long it will take old Kentucky to erect the proposed bridge.

LOCAL option has thus far failed to opt in Pennsylvania. The Quakers always were slow.

It is now only a month until the Cincinnati Reds will begin to claim that the pennant is theirs. And then—and then—

GEORGE B. CORTELYOU and WILLIAM LOEB are shining examples of the silent treatment of politics as an aid to high public office.

Is THEODORE ROOSEVELT a member of the "Down and Out Club?" The lions and the tigers and the hippopotami of Africa will probably answer in the negative.

THE Lexington Democrats are to give a banquet in honor of the Hon. WILLIAM PRES-
TON KIMBALL, who is now a member in good standing of "The Down-and-Out Club." Of course, the Hon. PRESS will have a few to say on the decayence of his "constitutional rights." To make the affair the success that these "St. Jackson" blowouts should be the Hon. BILLY KLAIR should preside and the Hon. ROBERT B. FRANKLIN should orate over the demise of the Goddess of Justice. Then the Goebel ghost could walk about and flap its black wings, while "Old Taylor" did the rest.

Rev. Dr. Frank Crane tells of a bride who refused to answer the question, "Will you love, honor and obey?" Her friends interceded, but it was of no use. Finally the intended bridegroom gathered up his hat and started for the door. Instantly she sprang after him, and, lending him back, looked up meekly and said, "I will."

Hon. James Richey died at Glasgow after six months' suffering with a broken back, sustained in falling from a barn.

The University of Cincinnati will send both her baseball and football teams into the Bluegrass this year to try to capture the scalps of Transylvania and State Universities.

The highest price ever realized for mules in Southern Kentucky was paid Rod Warfield at Sonoma, when he sold Lexington dealers twenty mules for \$225 each, or \$4,500 for the bunch.

Charles Perkins of Webster avenue and William Green, residing near the Fairgrounds, two respectable colored men, died this morning near the same hour at their respective homes.

A movement is on foot to have the Kentucky School for the Deaf at Danville and the School for the Blind at Louisville placed under the control of the State Educational Department.

With the addition of 3,100 names to the list of farmers' clubs in this State during the last two months, Commissioner of Agriculture Rankin reports that the list of membership is 12,000 farmers in Kentucky.

The Rev. Augustin M. Quatman, permanent Rector of St. Francis de Sales Church and one of the best known and most beloved Catholics in the Diocese of Cincinnati, died Wednesday at the Good Samaritan Hospital in the Queen City.

A lot of Missouri tobacco was offered at auction Wednesday at the Farmers' and Shippers' warehouse at Cincinnati and accepted at an average of \$19.55. Mr. W. A. Gray, who has been on a visit to relatives here this week, is pushing the sale of the Missouri weed.

The annual reunion of the surviving members of the Sultana disaster on the Mississippi river, in which 1,500 Union soldiers were drowned out of 2,000 that were on the boat, will take place at Findlay, Ohio, Tuesday, April 27th. Of the 500 that were saved but 200 survive, and of this number a greater part reside in Tennessee.

Dr. C. C. Owens, who proposes to introduce a resolution at the next meeting of the Covington Board of Health providing that all dairymen be compelled to clean the teeth of their cows each morning, has received letters from more than 100 cities inquiring as to the reasons for this unique departure and as to the manner in which the cleaning will be done, whether by the ordinary toothbrush or otherwise. The system is in vogue in France and is said to have been productive of good results. It is done by a patented process involving no labor or time. Other cities propose to adopt the scheme.

LIGHTING PLANT LOSES.

Seattle's Municipal Plant is a Millstone Around the Neck of the Other City Departments.

It has cost the city of Seattle more than \$117,000 to keep the municipal light and power plant running. This represents the loss on operation and does not take into account the tremendous costs for extensions or improvements made on the plant.

From a thorough examination of the lighting plant records it develops that the total receipts from the date the plant started have amounted to only \$640,000, all sources of revenue considered. From light and power supplied but \$612,000 has been paid in.

Ninety thousand dollars has been transferred from the water department to the light and power plant fund, \$88,201.30 has been raised by general taxation, and \$120,094.60 has been paid in interest charges for the benefit of the lighting plant.

During the past month it has been necessary to transfer \$150,000 from the general fund to take care of bills rendered against the light department, and it is admitted by municipal officials that these expenditures have been frequent in the past.

Disregarding the cost of improvements, the expenses for extension and the various light department bond issues, the figures made public through an examination of the lighting department's books demonstrate that the municipal light plant has never paid even operating expenses, despite the fact that the city credits its light plant with street lights at a price higher than paid by any other municipality in the northwest.

It is demonstrated by an examination of the lighting department books that, though bond issues have raised but \$1,440,000, there has already been expended in the construction of the power plant \$1,788,845, and a part of the proposed bond issue of \$800,000, if authorized, will have to go to make good this deficiency. Less than \$500,000 can be diverted to new uses, Seattle (Wash.) Times.

Deafness Cannot be Cured. Local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is actually closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; hence, as soon as you are afflicted with deafness, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

PLUMP FOLKS AND THIN FOLKS

Samose Will Make People Fat—"Money Back If It Fails," Say J. Jas. Wood & Son.

The line of beauty is a curve. Women may be thin and graceful, but not thin and beautiful. There is a vast number of pale, thin, scrawny people who are all brains and nerves, but without the strength and health that accompanies the standard weight. Good flesh and perfect health go together. A true flesh-forming food like Samose is absolutely necessary to many people.

This remarkable discovery comes in tablet form, and when taken after meals mingles with the food and helps it to assimilate, so that it makes rich blood and pleasing plumpness. No one can use this wonderful flesh-forming food for 10 days without a noticeable gain in flesh and strength. Carefully kept statistics show that out of every hundred people who begin the use of Samose 98% increase in weight and their health and strength are restored.

J. Jas. Wood & Son have so much confidence in this remarkable flesh-forming food and health restorer that they are willing and glad to allow any customer to deposit 50 cents with them and take home a box of Samose with the understanding that if it does not give a marked increase in good, firm flesh the money will be returned without any questions.

Sent postpaid on receipt of price, 50 cents.

PHYSICIANS ARE NATURALLY PREJUDICED against proprietary or advertised medicines, as the sale of these remedies decreases their incomes.

However this may be, the general public is benefited by the use of such standard medicines as Lydia E. Pinkham's Vegetable Compound, with its wonderful record of thousands of cures among suffering women. We are very glad to say, however, that there are hundreds of honest physicians in the United States who do not hesitate to recommend such medicines.

A SADDLE MARE FROM KENTUCKY

Colonel Huffman Purchases One of the Handsomest Horses Ever Raised in the Bluegrass Region

Dayton (O.) Times.

Colonel F. T. Huffman received Monday one of the handsomest saddle mares that ever left Kentucky. It is Lady Anderson, a very rangy chestnut, 16 hands high, perfect conformation and impressive action.

The animal comes from the stock farm of L. T. Anderson of Maysville, Ky., and she will doubtless be seen in the show rings of Ohio this fall.

Mr. Anderson is one of the best known horsemen in America and has supplied many honor animals for the big ring at Madison Square.

"STRONGHEART."

"Strongheart," the play of College life by William C. DeMille, which has scored so heavily in the past three years, will be offered at the Washington Theater on Monday, March 15th. The merit of this production is so well known in this city it is quite sure that playgoers will realize that the coming of "Strongheart" means an attraction beyond the average announcement at the local theater. This is the fourth season of "Strongheart" and to all appearances there is no lessening of the interest manifested in it when it was first produced.

WAR TIME INCIDENT

Writer Relates How The Enquirer Was Confiscated by Official Idiot

The Cincinnati Enquirer was a power in Kentucky at one time, but doesn't stand as high in the regard of the Democracy now.

It wasn't allowed to circulate in the State at one time during the War. The writer remembers going over to Covington from Cincinnati with a young gentleman, well known about here, one day.

There were no bridges then, and when we got off the ferryboat a soldier overhauled us and demanded The Enquirer which our friend had in his hand.

There was no alternative but to fork it over. This gentleman, a most companionable and handsome one, a native of this county, but living away for many years, was, a few months ago, as I saw by the papers, brought to Maysville for interment.

How a Maysville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—
From urinary disorders—
From any disease of the kidneys,
Be cured to stay cured.
Doan's Kidney Pills make lasting cures.
Maysville people testify.
Here's one case of it:
M. C. Chisholm, 317 East Second street, Maysville, Ky., says:
"The cure which Doan's Kidney Pills effected in my case some years ago has been permanent, and the testimonial I gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had only used them a short time when I noticed a marked improvement. They soon cured me, and I have learned of several instances where they have been used with good results."

Are You in the Market for Your Spring Outfit?

You may not think of it, but it does make a difference to you who makes the clothes you wear, especially if the maker is willing to tell you what he makes them of and how. That's one thing we like about the Hart, Schaffner & Marx and Ederheimer, Stein & Co. clothes. (Both these lines confined to us.) They are made of strictly all-wool fabrics, and the makers seem to want everybody to know it. They advertise the fact extensively. It's the most important fact about the clothes. There are plenty of good-looking clothes for sale that are not all-wool; the makers don't claim they are. They don't say much about it. We like to sell clothes that our customers can be positive about, goods that you don't have to take anybody's word for, clothes you know are good. They are easy to sell and a satisfaction to everybody.

The gross earnings of the Chesapeake and Ohio Railway Company for February will show an increase of about \$270,000 and the net will show an increase of approximately \$200,000. This is an increase of 17% in gross and 42% in net. The increase in gross for February is particularly large considering that February, 1909, had one day less than February, 1908, making a difference as against this year of about \$65,000.
